Performance review

Dear Shareholders,

In a year marked by slowing economic growth, international trade wars and slower global offtake, your Company strengthened its fundamentals with the objective to report multi-year business sustainability.

The Indian economy slowed to 6.8% in 2018-19 on account of the lingering impact of GST, subdued consumer sentiment, slowing rural economy and a national liquidity crunch following the NBFC crisis at the end of the first half of 2018-19.

Given this reality, it is creditable that your Company reported a 7.12 percent increase in revenues to ₹134.44 crores while the profit after tax declined to ₹10.43 crores in 2018-19. This reality followed a year when the ferro alloys market had been weak, affecting the viability of most players.

The Company's performance was creditable as it addressed a number of challenges.

One, the political attrition between the world's largest consumer economy (United States of America) and the world's largest steel manufacturer (China) affected the dynamics of the global steel sector, the company's principal downstream sector. This reality affected prospects of companies and countries exporting raw material to China's steel sector.

Two, ferro alloys realisations declined more than 30% from

the peak, affecting the industry's performance.

Three, the import of lower cost alternatives affected domestic demand and realisations.

Four, the automobile sector, one of the largest steel consumers, slowed during the year with offtake declining virtually month-on-month in what is seen as one of the most significant sectoral declines seen in a decade.

Five, a pressure on the Indian stainless steel semi-products segment (fillet and sponge) compelled some players to discontinue operations.

Six, a subdued growth of the real estate segment following RERA implementation and demonetization, impacted the demand for long steel products like TMT and structurals.

Strengthening our core

Against a backdrop of these economic and sectoral realities, your Company strengthened its business model.

Your Company produced 15,219 metric tonnes of ferro silicon during the year under review compared to 14,169 metric tonnes during FY 2017-18.

Your Company optimized costs and strengthened processes. During the year under review, there was an increment in the power cost that has been reflected in the increased costs. The Company has thus entered into long term power purchase agreements from FY2019-20 which shall help in stabilising the costs.

Your Company is attractively placed to capitalize on India's long-term growth prospects through prudent vertical selection, knowledge, competence, best-in-class assets, governance and adequate manufacturing capacity.

Macro-economic scenario

Global crude steel production reached 1,808.6 million tonnes in 2018, up 4.6% compared to 2017. Asia produced 1,271.1 million tonnes of crude steel in 2018, an increase of 5.6% over 2017. China's crude steel production in 2018 reached 928.3 million tonnes, up 6.6% over 2017. China's share of global crude steel production increased from 50.3% in 2017 to 51.3% in 2018.

India's crude steel production for 2018 was 106.5 million tonnes, up 4.9% on 2017. India replaced Japan as the world's second-largest steel-producing country, while retaining its position as the third-largest finished steel consumer. India also emerged as the largest producer of sponge

iron across the world.

India possessed an installed capacity of 132 million tonnes in 2018, whereas production for the period was 106.5 million tonnes compared to 101.5 million tonnes in 2017, a y-o-y 4.9% growth. India's per capita steel consumption rose from 59 kilograms in 2014 to 69 kilograms in 2018, which was still below the global average of ~214 kilograms.

India emerged as the fastest-growing major stainless steel market in the world. The per capita consumption of stainless steel in India is a mere 2 kilograms, compared to the global average of ~6 kilograms, indicating large headroom. In 2018, India's total stainless steel production was pegged at ~3.6 million tonnes for long and flat products.

India's steel demand is estimated to grow 7.3% in 2019, riding robust GDP growth. Despite burgeoning demand, steel production is projected to grow 2.5-3%. Domestic steelmakers are expected to increase their capacity by ~16 million tonnes between FY2019 and FY2021. This capacity ramp-up and debottlenecking of stressed assets would warrant industry-wide capex of ~₹750-800 billion between FY2018-19 and FY2020-21.

Looking ahead, the steel industry is expected to achieve 300 million tonnes of production capacity by 2030. Increased outlays for the railways sector, affordable housing push, and rising demand in capital goods and consumer durables could strengthen the domestic steel industry.

India is the world's fourth-largest automobile industry and the world's seventh-largest commercial vehicle

manufacturer. The Indian automobile industry, which accounts for a ~7% share of the country's GDP, is at the cusp of a transformation. The sector has seen glut in FY 2018-19 because of policies like the ban on diesel vehicles on specific pockets, thrust on electric vehicles, graduation to BS-VI standards and shared mobility, each affecting demand and consumer sentiment. However, India is expected to be the world's third-largest car market by 2020, with more than 4 million units being sold annually. A projected improvement in banking liquidity, government infrastructure spending and rising incomes provide an optimistic sectoral environment.

Outlook

What provides optimism in this challenging scenario is our long-term goodwill with customers and trade partners on account of superior product quality.

The demand for steel is expected to rise as the real estate sector and automobile sector stabilises. The political stability in the country and continued infrastructure development could strengthen steel and ferro alloys demand.

At Shyam Century Ferrous Limited, our retrospective industry disappointment has transformed to guarded optimism where we believe that we will continue to leverage our passion to excel and outperform.

Sajjan Bhajanka

Ferro Alloy Business - Industry at a glance

Steel is the one of the multipurpose materials on the earth. Ferro alloy are mainly used in the production of steel. Ferro alloys are important additives in manufacturing of steel. The product mix of Ferro Alloys contains bulk Ferro Alloys viz., Ferro Manganese, Silicon Manganese, Ferro Silicon, Ferro Chrome, Charge Chrome, etc. and noble Ferro Alloys viz., Ferromolybdenum, Ferrovanadium, Ferrotungsten, Ferro-silicon magnesium, Ferro-boron and Ferro-titanium. Bulk ferro alloys is used for making stainless steel and Carbon steel while noble ferro alloys are made from rare earth minerals. Therefore, market of ferro alloys industries are dependent on the future of steel industry.

India is having various potentialities for the development of the steel industry mainly due to availability of skilled man power resources with low cost, abundant raw materials availability etc. The National Steel Policy announced in the

year 2017 aims to encourage the industry to reach global benchmark. The government is setting up Steel Research and Technology Mission of India to spearhead research and development activities in the iron steel sector at an initial corpus of ₹200 crores.

Country's finished steel production is anticipated to increase to 230 MT by 2030-31, the rise in demand likely to be supported by the growth of domestic market. Country's steel industry is modern with state of arts steel mills and it has always keen for upgradation of older plants and development of energy efficiency level.

Government's 30% levy of export duty on iron ore will help supply of iron ore and budgetary thrive to develop infrastructure, housing, rail road, ports etc., will push the demand of the ferro alloy industries. National Steel Policy aims to envisage 300 MT steel making capacity and 160 kgs per capita consumption by 2030-31.

During the year under review your Company continued to focus on its fundamental strength i.e., productivity and quality. Strong emphasis were given on utilization of internal efficiencies together with an improvement in the sales mix which enabled your Company to withstand inflationary pressures on costs and profitability.

During the year under review, your company has sold 14,580 MT of Ferro Silicon as against 14,189 MT. While your Company constantly strives to increase stakeholder's value, emphasis continues to be on delivering value to customers and strengthening processes while driving sustainable practices, resulting into expanding customer base.

Power Business

During the year under review, your Company generated 347 lacs KWH unit as compared to 689 lacs KWH unit which was captively consumed by the Company.

Further, M/s. Meghalaya Power Limited, an Associate Company has generated 1,701 lacs KWH units as compared to 1,901 lacs KWH units recorded in the previous year. During the Financial year 2018-19, the associate Company has posted PBT of ₹1,511.10 lacs and PAT of ₹1,269.16 lacs as against ₹1,054.27 lacs and ₹1,132.12 lacs respectively recorded in the previous financial year.

Opportunities & Threats, Risks and Concerns

Performance of the Company depends on the continued demand of our products in the steel and stainless steel industry. Government's initiatives to liberalise industrial policy, approval of National Steel policy and policy on 'Make in India' and other infrastructural initiatives taken for the entire country is expected to have positive impact of the ferro alloy industry and thereby boosting demand for the company's product. Global stainless steel production growth is expected to average +2.6% p.a. upto 2021. The industry seems healthy in future as it is expanding at estimated CAGR of 5.9% during 2017-2025. The market for worldwide ferro alloys is projected to reach a valuation of USD 188.7 bn by the end of 2025 from its worth of USD 112.8 bn in 2016.

However, challenge faced by the domestic industry due to short availability of raw materials and very high power cost comparative with other countries, lack of infrastructural facilities for easy transportation of raw materials from mines to the location affects the sector. Policy of the Government and regulatory changes may also affect the domestic industry.

Despite these threats, Indian Ferro alloy industry has growth prospect due to rapid industrialization, urbanization and

other infrastructural development. Various initiatives of the Government addressing their concern to help the industry and resolve the problems likely to have positive impact on the development of the industry.

The Company has evolved a risk management framework to identify, assess and mitigate the key risk factors of the business. The Board of the Company is kept informed about the risk management of the Company.

Performance and Operations Review

During the year under review, on a full year basis, although on the demand side there has been concern, on the realization side, your company was able to achieve marginal improvement. The Company has posted total revenue of ₹13,443.78 Lacs and Profit before Tax of ₹1,479.38 Lacs in FY 2018-19 as against ₹12,550.69 Lacs and ₹1,598.68 Lacs respectively during the previous financial year. Your Company produced 15,219 MT of Ferro Silicon during the year under review as against 14,169 MT in the Financial Year 2017-18. Net realization has been improved marginally during the year under review as compared to previous financial year. However, due to increase in costs, profits declined during the year.

It is expected that after ongoing Lok Sabha election, infrastructural development in the country will get further motion and ferro alloy market of the country is likely to be revamped.

*[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]*

To
The Members,
SHYAM CENTURY FERROUS LIMITED

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SHYAM CENTURY FERROUS LIMITED** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

The Company's Management is responsible for preparation and maintenance of secretarial and other records and for devising proper systems to ensure compliance with the provisions of applicable laws and Regulations.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019, to the extent applicable, according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder;

Independent Auditors' Report

To the Members of
M/S. SHYAM CENTURY FERROUS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Shyam Century Ferrous Limited (the "Company")**, which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2019, and the financial performance and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional

judgment, were of most significance in our audit of the standalone financial statements of the current period. We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal

financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)

(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by 'the Companies (Auditor's Report) Order, 2016', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (herein after referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Balance Sheet, the Statement of Profit and Loss and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder;

- (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
- (g) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2019.

Annexure - A to the Independent Auditors' Report

The Annexure referred to in Independent Auditors' Report of even date to the members of the Company on the standalone financial statements for the year ended 31 March, 2019, we report that:

- (i) In respect of Company's fixed assets :
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
 - (b) The fixed assets of the Company are physically verified by the Management at reasonable intervals and no material discrepancies have been noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The inventory, except goods in transit and materials lying with third parties, which have been substantially confirmed by them, has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable and no material discrepancies were observed.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. So the provision of clause 3(iii) of the Order are not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to loan and investments made.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- (vi) We have broadly reviewed the accounts and records maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Companies

Act, 2013, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

- (vii) According to the information and explanations given to us, in respect of statutory dues:

- (a) The Company has generally been regular in depositing undisputed statutory dues, including provident fund, employees' state insurance, income tax, goods and service tax, cess and other material statutory dues applicable to it with the appropriate authorities.

According to the information and explanations given to us, there were no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, goods and service tax, cess and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no material dues of duty of customs, income tax, goods and service tax and cess which have not been deposited with the appropriate authorities on account of any dispute.

- (viii) The Company has not defaulted in repayment of loans or borrowings from financial institutions or banks. The Company has not issued any debentures.

- (ix) The Company has not raised any money by way of initial public offer/further public offer/debt instruments/term loans. Accordingly, the provisions of Clause 3 (ix) of the Order is not applicable.

- (x) To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

- (xi) The Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

- (xii) The Company is not a Nidhi company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.
- (xiv) During the year the Company has not made any preferential allotment/private placements of shares/fully/partly convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- (xv) The Company has not entered into any non-cash transactions with directors or person connected with

him as referred to in section 192 of the Companies Act, 2013. Accordingly, paragraph 3(xv) of the Order is not applicable.

- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, the provision of clause 3(xvi) are not applicable to the Company.

Annexure - B to the Independent Auditors' Report

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SHYAM CENTURY FERROUS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **Shyam Century Ferrous Limited ("the Company")** as at March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established

by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("The Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

Corporate Information

Shyam Century Ferrous Limited (the Company) is a public company domiciled in India and incorporated on 12.04.2011 under the provisions of the Companies Act, 1956. Its shares are listed on National Stock Exchange and Bombay Stock Exchange in India. The Company is engaged in manufacturing of Ferro Alloys and generation of Power. The manufacturing unit is located at Byrnihat, Meghalaya. The company is selling its product across India.

1. Significant Accounting Policies

1.1 Basis of Preparation

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016 and other relevant provisions of the Act.

The Company has adopted all the applicable Ind AS standards effective 1st April, 2017 and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April, 2017 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

The accounting policies are consistently followed by the Company and changes in accounting policy are separately disclosed.

(ii) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following:

- defined benefit plans – plan assets measured at fair value
- certain financial assets that are measured at fair value

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

1.2 Use of Estimates

The preparation of financial statements is in conformity with generally accepted accounting principles which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

1.3 (A) Revenue Recognition

Sales are recognised when control of the products has transferred, domestic sales are accounted when the products are dispatched to the customers and export sales are accounted on the basis of bill of export/bill of lading. Delivery occurs when the product has been dispatched to the specific location and the risk of obsolescence / loss has been transferred and there is no unfulfilled obligation that could affect the buyer's acceptance of the product as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods.

Revenue is recognised based on the price and as per terms specified in the contracts. Revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are dispatched as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(B) Other Income

Interest income is recognised using the effective interest rate (EIR) method.

Dividend income on investments is recognised when the right to receive dividend is established.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

1.4 Property, plant and equipment

Property, plant and equipment are stated at their cost of acquisition, installation or construction (net of any recoverable amount, wherever applicable) less accumulated depreciation, amortization and impairment losses if any, except freehold land which is carried at cost. Cost comprises the purchase price, installation and attributable cost of bringing the asset to working condition for its intended use.

Capital Work in Progress

Capital work in Progress is carried at cost comprising direct cost and includes any directly attributable cost incurred during construction period.

Expenditure during construction period

In case of new projects and substantial expansion of existing units, expenditure incurred including trial production expenses net of revenue earned, and attributable interest and financing cost, prior to commencement of commercial production are capitalized.

Depreciation

Depreciation on property, plant and equipment is provided on written down value method in accordance with the provisions of Schedule II to the Companies Act, 2013 and considering the useful lives for computing depreciation specified in Part 'C', thereof. Depreciation is provided on components that have homogenous useful lives by using the WDV method so as to depreciate the initial cost down to the residual value over the estimated useful lives. Useful lives, components and residual amounts are reviewed annually.

In respect of an asset for which impairment loss is recognized, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

1.5 Inventories

Raw Materials and stores and spares are valued at lower of cost and net realizable value. However, these items are considered to be realizable at cost if the finished products, in which they will be used, are expected to be sold at or above cost.

Work in progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials & labour and a part of manufacturing overheads based on normal operating capacity.

Cost of Inventories excluding finished goods and work-in-progress is computed on FIFO basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

1.6 Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

1.7 Investments and other financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the company's business model for managing the financial assets and the contractual terms of cash flows.

Measurement

At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and

Notes to Standalone Financial Statement for the year ended 31 March, 2019

the cash flow characteristics of the asset. The company classifies its debt instruments into the following categories:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collections of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments

The company subsequently measures all equity investments (except subsidiary, associate and joint venture) at fair value through profit or loss. However where the company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss.

Impairment of financial assets

The company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Derecognition of financial assets

A financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset, or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the company has not retained control of the financial asset.

1.8 Financial liabilities

Initial recognition and measurement

The company recognises all the financial liabilities on initial recognition at fair value minus, in the case of a financial liability not at fair value through Profit or Loss, transaction costs that are directly attributable to the acquisition or issue of the financial liability.

The company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

All the financial liabilities are classified as subsequently measured at amortised cost, except for those measured at fair value through profit or loss.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

1.9 Government Grants and subsidies

Government grants / subsidies are recognized when there is reasonable certainty that the same will be received. Revenue grants, if any granted by way of recoupment / reimbursement of any item of expenditure are recognized in the Statement of Profit and Loss by way of deduction from related item of expenses. Grants related to assets which are

Notes to Standalone Financial Statement for the year ended 31 March, 2019

recognized in the Statement of Financial Position as deferred income, are recognized to the Statement of profit or loss on a systematic basis over the useful life of the related assets by netting off with the related expense.

1.10 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Defined Contribution Plan

Retirement benefit in the form of Provident Fund is a defined contribution scheme and is charged to the Statement of Profit and Loss for the year when the contributions to the respective funds are due.

(iii) Defined Benefit Plan

Gratuity liability, being a defined benefit obligation, is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(iv) Other Long-term benefits

Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation which is done as per projected unit credit method at the end of each financial year.

1.11 Earnings per Share

Basic Earnings per Share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deductible preference dividend and attributable taxes) by the weighted number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

1.12 Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset is capitalized as part of cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as expense in the period in which they are incurred. Borrowing cost includes exchange differences arising from relevant foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost.

1.13 Trade and other payables

These amounts represent liabilities for goods and services provided to the group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

1.14 Taxation

Tax expenses comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is

Notes to Standalone Financial Statement for the year ended 31 March, 2019

determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The deferred tax in respect of temporary differences which originate during the tax holiday period and is likely to reverse during the tax holiday period, is not recognized to the extent income is subject to deduction during the tax holiday period as per the requirements of the Income Tax Act 1961.

1.15 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

1.16 Cash and Cash equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash in hand, demand deposits with Banks and other short-term highly liquid investments / deposits with an original maturity of three months or less.

1.17 Provisions and Contingencies

A Provision is recognized for a present obligation as a result of past events if it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense. Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts. Contingent assets are also disclosed by way of notes to the accounts.

1.18 Foreign Currency Transactions and Balances

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian National Rupee (INR), which is Shyam Century Ferrous Limited's functional and presentation currency.

Transactions in foreign currencies entered into by the Company are accounted at the exchanges rates prevailing on the date of the transactions. Exchange differences arising on settlement /restatement of short-term foreign currency monetary assets and liabilities of the company are recognized as income or expenses in the Statement of Profit and Loss All foreign exchange gains and losses are presented in the statement of profit or loss on a net basis within other income or other expenses.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

1.19 Borrowing

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

1.20 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss will be recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognized impairment loss is further provided or reversed depending on changes in circumstances.

1.21 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

1.22 Intangible Asset

An intangible asset is recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. The depreciable amount of an intangible asset is allocated over its estimated useful life. Expenditure on purchased software and IT related expenditure are written off over a period of three years.

1.23 Lease

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

1.24 Research and Development Expenditure

Revenue expenditure is charged to the Statement of Profit and Loss and capital expenditure is added to the cost of property, plant and equipment in the year in which they are incurred.

1.25 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

RECENT ACCOUNTING DEVELOPMENTS

Note 2 : Standards issued but not yet effective

(a) Ind AS 116 – “Leases”

Ind AS 116 was notified by Ministry of Corporate Affairs on 30 March 2019 and it is applicable for annual reporting periods beginning on or after 1 April 2019. Ind AS 116 will affect primarily the accounting by lessees and will result in the recognition of almost all leases on balance sheet. The standard removes the current distinction between operating and finance leases and requires recognition of an asset (the right-of-use the leased item) and a financial liability to pay rentals for virtually all lease contracts. An optional exemption exists for short-term and low-value leases.

The Statement of profit and loss will also be affected because the total expense is typically higher in the earlier years of a lease and lower in later years. Additionally, operating expense will be replaced with interest and depreciation, so key metrics like EBITDA will change. Operating cash flows will be higher as repayments of the lease liability and related interest are classified within financing activities.

Presently, the Company is in the process of evaluating the impact that application of Ind AS 116 is expected to have on its financial statements. The Company intends to apply simplified transition approach and will not restate comparative information in the financial statements for the year ending 31 March 2020 to show the impact of adopting Ind AS 116.

(b) Appendix C, ‘Uncertainty over Income Tax Treatments’, to Ind AS 12, ‘Income Taxes’

This appendix was notified by Ministry of Corporate Affairs on 30 March 2019 and it is applicable for annual reporting periods beginning on or after 1 April 2019. The appendix explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. In particular, it discusses:

- (i) how to determine the appropriate unit of account, and that each uncertain tax treatment should be considered separately or
- (ii) together as a group, depending on which approach better predicts the resolution of the uncertainty;
- (iii) that the entity should assume a tax authority will examine the uncertain tax treatments and have full knowledge of all related information, i.e. that detection risk should be ignored;
- (iv) that the entity should reflect the effect of the uncertainty in its income tax accounting when it is not probable that the tax authorities will accept the treatment;
- (v) that the impact of the uncertainty should be measured using either the most likely amount or the expected value method, depending on which method better predicts the resolution of the uncertainty; and
- (vi) that the judgements and estimates made must be reassessed whenever circumstances have changed or there is new information that affects the judgements.

Presently, the Company is in the process of evaluating the impact that application of this appendix is expected to have on its financial statements. The Company intends to apply this appendix retrospectively, with the cumulative effect of initially applying the appendix recognised at the date of initial application as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate).

Note: 37 - Employees benefit obligations

(i) Leave obligations

Under leave encashment scheme, the Company allows its employees to encash accumulated leave over and above thirty days at any time during the year. Hence the entire amount of the provision is presented under current. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

(₹ in Lacs)

Particulars	31 March 2019	31 March 2018
Leave obligations not expected to be settled within the next 12 months	9.12	8.22

(ii) Post-employment obligations

a) Gratuity

The company has a defined benefit gratuity plan. Every employee who has completed five years or more of service is entitled to gratuity on terms not less than the provisions of The Payment of Gratuity Act, 1972.

(iii) The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:

(₹ in Lacs)

Particulars	Net amount
01 April 2017	46.92

Employer contributions/ premium paid	-
Benefit payments	(2.01)
Disposal/ Transfer of Asset	-
31 March 2019	71.40

(iv) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31 March 2019	31 March 2018
Discount rate	7.70%	7.75%
Salary growth rate	6.00%	6.00%
Withdrawal rate	1% to 8%	1% to 8%
Mortality rate	IALM (2006-08) Table	IALM (2006-08) Table

(v) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Impact on defined benefit obligation			
	31 March 2019		31 March 2018	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	65.78	77.94	(47.46)	57.44
Salary growth rate (-/+ 1%)	78.14	65.54	57.72	(47.16)
Withdrawal rate (-/+ 1%)	72.15	70.53	52.72	(51.31)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(vi) Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Interest risk:

A decrease in the interest rate on plan assets will increase the plan liability.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

Life expectancy:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

(vii) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31 March 2020 are INR 28.91 lacs.

The weighted average duration of the defined benefit obligation is 4.92 years (31 March 2018 : 5.62 years). The expected maturity analysis of undiscounted gratuity is as follows:

(₹ in Lacs)

Particulars	Less than a year	Between 2- 5 years	Over 5 years
31 March 2019			
Defined benefit obligation (gratuity)	14.08	7.88	17.77

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments is determined using discounted cash flow analysis.

(iii) Fair value of financial assets and liabilities measured at amortised cost (₹ in Lacs)

Particulars	31 March 2019		31 March 2018	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Security Deposits	55.71	55.71	55.66	55.66
Total financial assets	55.71	55.71	55.66	55.66
Financial liabilities				
Borrowings	258.72	258.72	321.90	321.90
Total financial liabilities	258.72	258.72	321.90	321.90

The carrying amounts of all other financial assets and financial liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. The carrying amounts of other borrowings with floating rate of interest are considered to be close to the fair value.

The fair values for financial instruments were calculated based on cash flows discounted using current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

Note: 39 Capital management

(a) Risk management

The company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares .

The amount mentioned under total equity in balance sheet is considered as Capital.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

Note: 40 Financial risk management

The Company's activities are exposed to a variety of financial risks: credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and price risk).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables and financial assets measured at amortised cost.	Aging analysis	Diversification of customer base
Liquidity risk	Financial liabilities that are settled by delivering cash or another financial asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities
Market risk – interest rate	Long-term borrowings at fixed rates	Sensitivity analysis	Portfolio of loan contains fixed interest loans from financial institutions

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

i) Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 days credit terms. Outstanding customer receivables are regularly monitored. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically. The ageing of trade receivables as of balance sheet date is given below. The age analysis have been considered from the due date:

(₹ in Lacs)

Particulars	Not due	Less than 6 months	6 months - 1 year	> 1 year	Total
Trade receivable as on 31 March, 2019	1473.79	1,189.59	4.28	124.01	2,791.67
Trade receivable as on 31 March, 2018	929.11	2,252.75	34.12	88.38	3,304.36

ii) Financial instruments and deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department. For banks and financial institutions, only high rated banks/institutions are accepted.

Financial assets are considered to be of good quality and there is no significant credit risk.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2019 and 31 March 2018 is the carrying amounts as illustrated in Note 38.

(B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the underlying business, the Company maintains sufficient cash and liquid investments available to meet its obligation.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The management also considers the cash flows projection and level of liquid assets necessary to meet these on a regular basis. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

Notes to Standalone Financial Statement for the year ended 31 March, 2019

(i) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

(₹ in Lacs)

Particulars	31 March 2019	31 March 2018
Floating Rate		
- Expiring within one year (bank overdraft and other facilities)	2,927.94	1,618.30
Total	2,927.94	1,618.30

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

(i) Foreign currency risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company dealt with an international customer in FY 2018-19 and is therefore exposed to foreign exchange risk (primarily with respect to USD) arising from this foreign currency transactions. In view of low proportion of export/imports, as compared to the overall operations, the exposure of the Company to foreign exchange risk is also not considered to be material.

Further foreign exchange risk also arises from future cash flow against foreign currency loan. The risk is measured through a forecast of highly probable foreign currency cash flows.

Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting period expressed in ₹ are as follows:-

Particulars	31 March 2019 USD	31 March 2018 USD
Financial assets	-	-
Financial liabilities	10.38	-
Net exposure to foreign currency risk	10.38	-

Notes to Standalone Financial Statement for the year ended 31 March, 2019

Sensitivity

The sensitivity of profit and loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments.

Particulars	Impact on profit before tax	
	31 March 2019 USD	31 March 2018 USD
USD sensitivity		
INR appreciates by 10% (2018: 10%)	1	-
INR depreciates by 10% (2018: 10%)	(1)	-

* Holding all other variables constant

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2019, the Company's borrowings at variable rate were mainly denominated in INR.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On financial liabilities

The exposure of the Company's financial liabilities to interest rate risk is as follows- (₹ in Lacs)

Particulars	31 March 2019	31 March 2018
Variable rate borrowings	81.31	1,381.70
Fixed rate borrowings	258.72	321.90
Total borrowings	340.03	1,703.60

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

Particulars	Impact on profit before tax	
	31 March 2019	31 March 2018
Interest expense rates – increase by 50 basis points (2018 : 50 bps)*	(0.41)	(6.91)
Interest expense rates – decrease by 50 basis points (2018 : 50 bps)*	0.41	6.91

* Holding all other variables constant

Independent Auditors' Report

To the Members of
M/S. SHYAM CENTURY FERROUS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Shyam Century Ferrous Limited ("the Company")**, and its associate (collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, the consolidated profit, consolidated other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the

consolidated financial statements of the current period. We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for

preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of the preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is also responsible for overseeing the company's financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicated with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate

with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information of its associates (Meghalaya Power Limited) whose Ind AS financial statements reflect total assets of ₹26,295.24 lacs at 31st March, 2019, total revenues of ₹13,566.93 lacs, total net profit of ₹1,269.16 lacs and total comprehensive income of ₹1,268.56 lacs for the year ended on that date, as considered in the consolidated Ind AS financial statements. The above financial information are before giving effect to any consolidation adjustments. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these associates, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the these associate, is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books;

- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder;
- (e) On the basis of the written representations received from the directors of the Company as on March 31, 2019, taken on record by the Board of Directors of Company and its associate incorporated in India, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A";
- (g) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated financial statements disclose the impact of pending litigation on the consolidated financial position of the Group.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its Subsidiary Companies incorporated in India during the year ended March 31, 2019.

Annexure - A to the Independent Auditors' Report

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SHYAM CENTURY FERROUS LIMITED

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2019, we have audited the internal financial controls over financial reporting of **Shyam Century Ferrous Limited** (hereinafter referred to as "the Company") and its associate which is a company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Company and its associate company, which is a company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company and its associate, which is a company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its associate company, which is a company incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or

timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its associate company, which is a company incorporated in

India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

Corporate Information

Shyam Century Ferrous Limited (referred herein after as "Group") is a public company domiciled in India and incorporated on 12.04.2011 under the provisions of the Companies Act, 1956. Its shares are listed on National Stock Exchange and Bombay Stock Exchange in India. The Company is engaged in manufacturing of Ferro Alloys and generation of Power. The manufacturing unit is located at Byrnihat, Meghalaya. The company is selling its product across India.

1. Significant Accounting Policies

1.1 Basis of Preparation

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016 and other relevant provisions of the Act.

The Company has adopted all the applicable Ind AS standards effective 1st April, 2017 and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April, 2017 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

The accounting policies are consistently followed by the Company and changes in accounting policy are separately disclosed.

(ii) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following:

- defined benefit plans – plan assets measured at fair value
- certain financial assets that are measured at fair value

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

1.2 Principles of equity accounting – Associate

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see below), after initially being recognised at cost.

Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described below.

1.3 Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, actual results could differ from these estimates.

1.4 Revenue Recognition

Sales are recognised when control of the products has transferred, domestic sales are accounted when the products are dispatched to the customers and export sales are accounted on the basis of bill of export/bill of lading. Delivery occurs when the product has been dispatched to the specific location and the risk of obsolescence / loss has been transferred and there is no unfulfilled obligation that could affect the buyer's acceptance of the product as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods.

Revenue is recognised based on the price specified in the contract, net of discounts/claims. Revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are dispatched as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

1.5 Property, plant and equipment

Property, plant and equipment are stated at cost or revalued amount, as the case may be, less accumulated depreciation / amortization and impairment loss, if any, except freehold land which is carried at cost. Cost comprises the purchase price inclusive of duties, taxes, incidental expenses and erection / commissioning expenses etc. up to the date, the asset is ready for its intended use.

Capital Work in Progress

Capital work in Progress is carried at cost comprising direct cost and includes any directly attributable cost incurred during construction period.

Expenditure during construction period

In case of new projects and substantial expansion of existing units, expenditure incurred including trial production expenses net of revenue earned, and attributable interest and financing cost, prior to commencement of commercial production are capitalized.

Depreciation

Depreciation on property, plant and equipment is provided on written down value method in accordance with the provisions of Schedule II to the Companies Act, 2013 and considering the useful lives for computing depreciation specified in Part 'C', thereof. Depreciation is provided on components that have homogenous useful lives by using the WDV method so as to depreciate the initial cost down to the residual value over the estimated useful lives. Useful lives, components and residual amounts are reviewed annually.

In respect of an asset for which impairment loss is recognized, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

1.6 Inventories

Raw Materials, stores and spares are valued at lower of cost and net realizable value. However, these items are considered to be realizable at cost if the finished products, in which they will be used, are expected to be sold at or above cost.

Work in progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

& labour and a part of manufacturing overheads based on normal operating capacity.

Cost of Inventories excluding finished goods and work-in-progress is computed on FIFO basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

1.7 Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

1.8 Investments and other financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the Group's business model for managing the financial assets and the contractual terms of cash flows.

Measurement

At initial recognition, the Group measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group classifies its debt instruments into the following categories:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collections of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments

The Group subsequently measures all equity investments (except subsidiary, associate and joint venture) at fair value through profit or loss. However where the Group's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss.

Impairment of financial assets

The Group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Derecognition of financial assets

A financial asset is derecognised only when

- The Group has transferred the rights to receive cash flows from the financial asset, or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

pay the cash flows to one or more recipients.

Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset.

1.9 Financial liabilities

Initial recognition and measurement

The Group recognises all the financial liabilities on initial recognition at fair value minus, in the case of a financial liability not at fair value through Profit or Loss, transaction costs that are directly attributable to the acquisition or issue of the financial liability.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

All the financial liabilities are classified as subsequently measured at amortised cost, except for those measured at fair value through profit or loss.

De-recognition of financial liabilities

The Group de-recognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

1.10 Government Grants and subsidies

Government grants / subsidies are recognized when there is reasonable certainty that the same will be received. Revenue grants, if any granted by way of recoupment / reimbursement of any item of expenditure are recognized in the Statement of Profit and Loss by way of deduction from related item of expenses. Grants related to assets which are recognized in the Statement of Financial Position as deferred income, are recognized to the Statement of profit or loss on a systematic basis over the useful life of the related assets by netting off with the related expense.

1.11 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Defined Contribution Plan

Retirement benefit in the form of Provident Fund is a defined contribution scheme and is charged to the Statement of Profit and Loss for the year when the contributions to the respective funds are due.

(iii) Defined Benefit Plan

Gratuity liability, being a defined benefit obligation, is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(iv) Other Long-term benefits

Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation which is done as per projected unit credit method at the end of each

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

financial year.

1.12 Earnings per Share

Basic Earnings per Share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deductible preference dividend and attributable taxes) by the weighted number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

1.13 Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset is capitalized as part of cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as expense in the period in which they are incurred. Borrowing cost includes exchange differences arising from relevant foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost.

1.14 Trade and other payables

These amounts represent liabilities for goods and services provided to the group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

1.15 Taxation

Tax expenses comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The deferred tax in respect of temporary differences which originate during the tax holiday period and is likely to reverse during the tax holiday period, is not recognized to the extent income is subject to deduction during the tax holiday period as per the requirements of the Income Tax Act 1961.

1.16 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

1.17 Cash and Cash equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash in hand, demand deposits with Banks and other short-term highly liquid investments / deposits with an original maturity of three months or less.

1.18 Provisions and Contingencies

A Provision is recognized for a present obligation as a result of past events if it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense. Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts. Contingent assets are also disclosed by way of notes to the accounts.

1.19 Foreign Currency Transactions and Balances

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian National Rupee (INR), which is Shyam Century Ferrous Limited's functional and presentation currency.

Transactions in foreign currencies entered into by the Group are accounted at the exchanges rates prevailing on the date of the transactions. Exchange differences arising on settlement /restatement of short-term foreign currency monetary assets and liabilities of the Group are recognized as income or expenses in the Statement of Profit and Loss All foreign exchange gains and losses are presented in the statement of profit or loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

1.20 Borrowing

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

1.21 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss will be recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognized impairment loss is further provided or reversed depending on changes in circumstances.

1.22 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

1.23 Intangible Asset

An intangible asset is recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the Group and the cost of the asset can be measured reliably. The depreciable amount of an intangible asset is allocated over its estimated useful life. Expenditure on purchased software and IT related expenditure are written off over a period of three years.

1.24 Lease

Leases of property, plant and equipment where the Group, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

1.24 Research and Development Expenditure

Revenue expenditure is charged to the Statement of Profit and Loss and capital expenditure is added to the cost of property, plant and equipment in the year in which they are incurred.

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

1.25 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

RECENT ACCOUNTING DEVELOPMENTS

Note 2 : Standards issued but not yet effective

(a) Ind AS 116 – “Leases”

Ind AS 116 was notified by Ministry of Corporate Affairs on 30 March 2019 and it is applicable for annual reporting periods beginning on or after 1 April 2019. Ind AS 116 will affect primarily the accounting by lessees and will result in the recognition of almost all leases on balance sheet. The standard removes the current distinction between operating and finance leases and requires recognition of an asset (the right-of-use the leased item) and a financial liability to pay rentals for virtually all lease contracts. An optional exemption exists for short-term and low-value leases.

The Statement of profit and loss will also be affected because the total expense is typically higher in the earlier years of a lease and lower in later years. Additionally, operating expense will be replaced with interest and depreciation, so key metrics like EBITDA will change. Operating cash flows will be higher as repayments of the lease liability and related interest are classified within financing activities.

Presently, the Company is in the process of evaluating the impact that application of Ind AS 116 is expected to have on its financial statements. The Company intends to apply simplified transition approach and will not restate comparative information in the financial statements for the year ending 31 March 2020 to show the impact of adopting Ind AS 116.

(b) Appendix C, ‘Uncertainty over Income Tax Treatments’, to Ind AS 12, ‘Income Taxes’

This appendix was notified by Ministry of Corporate Affairs on 30 March 2019 and it is applicable for annual reporting periods beginning on or after 1 April 2019. The appendix explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. In particular, it discusses:

- (i) how to determine the appropriate unit of account, and that each uncertain tax treatment should be considered separately or
- (ii) together as a group, depending on which approach better predicts the resolution of the uncertainty;
- (iii) that the entity should assume a tax authority will examine the uncertain tax treatments and have full knowledge of all related information, i.e. that detection risk should be ignored;
- (iv) that the entity should reflect the effect of the uncertainty in its income tax accounting when it is not probable that the tax authorities will accept the treatment;
- (v) that the impact of the uncertainty should be measured using either the most likely amount or the expected value method, depending on which method better predicts the resolution of the uncertainty; and
- (vi) that the judgements and estimates made must be reassessed whenever circumstances have changed or there is new information that affects the judgements.

Presently, the Company is in the process of evaluating the impact that application of this appendix is expected to have on its financial statements. The Company intends to apply this appendix retrospectively, with the cumulative effect of initially applying the appendix recognised at the date of initial application as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate).

Note: 37 - Employees benefit obligations

(i) Leave obligations

Under leave encashment scheme, the Company allows its employees to encash accumulated leave over and above thirty days at any time during the year. Hence the entire amount of the provision is presented under current. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

(₹ in Lacs)

Particulars	31 March 2019	31 March 2018
Leave obligations not expected to be settled within the next 12 months	9.12	8.22

(ii) Post-employment obligations

a) Gratuity

The company has a defined benefit gratuity plan. Every employee who has completed five years or more of service is entitled to gratuity on terms not less than the provisions of The Payment of Gratuity Act, 1972.

(iii) The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:

(iv) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31 March 2019	31 March 2018
Discount rate	7.70%	7.75%
Salary growth rate	6.00%	6.00%
Withdrawal rate	1% to 8%	1% to 8%
Mortality rate	IALM (2006-08) Table	IALM (2006-08) Table

(v) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Impact on defined benefit obligation			
	31 March 2019		31 March 2018	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	65.78	77.94	(47.46)	57.44
Salary growth rate (-/+ 1%)	78.14	65.54	57.72	(47.16)
Withdrawal rate (-/+ 1%)	72.15	70.53	52.72	(51.31)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(vi) Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Interest risk:

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

(vii) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31 March 2020 are INR 28.91 lacs.

The weighted average duration of the defined benefit obligation is 4.92 years (31 March 2018 : 5.62 years). The expected maturity analysis of undiscounted gratuity is as follows:

(₹ in Lacs)

Particulars	Less than a year	Between 2- 5 years	Over 5 years

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments is determined using discounted cash flow analysis.

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

(iii) Fair value of financial assets and liabilities measured at amortised cost

(₹ in Lacs)

Particulars	31 March 2019		31 March 2018	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Security Deposits	55.71	55.71	55.66	55.66
Total financial assets	55.71	55.71	55.66	55.66
Financial liabilities				
Borrowings	258.72	258.72	321.90	321.90
Total financial liabilities	258.72	258.72	321.90	321.90

The carrying amounts of all other financial assets and financial liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. The carrying amounts of other borrowings with floating rate of interest are considered to be close to the fair value.

The fair values for financial instruments were calculated based on cash flows discounted using current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

Note: 39 Capital management

(a) Risk management

The company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares .

The amount mentioned under total equity in balance sheet is considered as Capital.

Note: 40 Financial risk management

The Company's activities are exposed to a variety of financial risks: credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and price risk).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk::

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables and financial assets measured at amortised cost.	Aging analysis	Diversification of customer base
Liquidity risk	Financial liabilities that are settled by delivering cash or another financial asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities
Market risk – interest rate	Long-term borrowings at fixed rates	Sensitivity analysis	Portfolio of loan contains fixed interest loans from financial institutions

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

i) Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 days credit terms. Outstanding customer receivables are regularly monitored. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically. The ageing of trade receivables as of balance sheet date is given below. The age analysis have been considered from the due date:

(₹ in Lacs)

Particulars	Not due	Less than 6 months	6 months - 1 year	> 1 year	Total
Trade receivable as on 31 March, 2019	1473.79	1189.59	4.28	124.01	2,791.67
Trade receivable as on 31 March, 2018	929.11	2,252.75	34.12	88.38	3,304.36

ii) Financial instruments and deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department. For banks and financial institutions, only high rated banks/institutions are accepted.

Financial assets are considered to be of good quality and there is no significant credit risk.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2019, 31 March 2018 is the carrying amounts as illustrated in Note 38.

(B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the underlying business, the Company maintains sufficient cash and liquid investments available to meet its obligation.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The management also considers the cash flows projection and level of liquid assets necessary to meet these on a regular basis. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(i) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

(₹ in Lacs)

Particulars	31 March 2019	31 March 2018
Floating Rate		
- Expiring within one year (bank overdraft and other facilities)	2,927.94	1,618.30
Total	2,927.94	1,618.30

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities.

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

(i) Foreign currency risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company dealt with an international customer in FY 2018-19 and is therefore exposed to foreign exchange risk (primarily with respect to USD) arising from this foreign currency transactions. In view of low proportion of export/imports, as compared to the overall operations, the exposure of the Company to foreign exchange risk is also not considered to be material.

Further foreign exchange risk also arises from future cash flow against foreign currency loan. The risk is measured through a forecast of highly probable foreign currency cash flows.

Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting period expressed in ₹ are as follows:-

Particulars	31 March 2019 USD	31 March 2018 USD
Financial assets	-	-
Financial liabilities	10.38	-
Net exposure to foreign currency risk	10.38	-

Sensitivity

The sensitivity of profit and loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments..

Particulars	Impact on profit before tax	
	31 March 2019 USD	31 March 2018 USD
USD sensitivity		
INR appreciates by 10% (2018: 10%)	1	-
INR depreciates by 10% (2018: 10%)	(1)	-

* Holding all other variables constant

Notes to Consolidated Financial Statement for the year ended 31 March, 2019

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2019, the Company's borrowings at variable rate were mainly denominated in INR.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On financial liabilities

The exposure of the Company's financial liabilities to interest rate risk is as follows: (₹ in Lacs)

Particulars	31 March 2019	31 March 2018
Variable rate borrowings	81.31	1,381.70
Fixed rate borrowings	258.72	321.90
Total borrowings	340.03	1,703.60

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

Particulars	Impact on profit before tax	
	31 March 2019	31 March 2018
Interest expense rates – increase by 50 basis points (2018 : 50 bps)*	(0.41)	(6.91)
Interest expense rates – decrease by 50 basis points (2018 : 50 bps)*	0.41	6.91

* Holding all other variables constant

EXPLANATORY STATEMENT (PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013)

Item No.3

Pursuant to the recommendation of the Audit Committee, the Board of Directors of the Company at its Board Meeting held on 7th May, 2019 has approved the re-appointment of M/s. AKSD & Associates (Formerly Kailash B. Goel & Co.), Chartered Accountants (Firm Registration No. 322460E) as the Statutory Auditor of the Company for a further period of two years from the conclusion of this Annual General Meeting till the conclusion of the 10th Annual General Meeting of the Company to be held in the year 2021. M/s. AKSD & Associates have already served as the Statutory Auditors of the Company for a total period of 8(eight) consecutive years, hence they are re-appointed for a further final term of 2(two) years.

Pursuant to Regulation 36 (5) of SEBI (Listing Obligations and

Disclosure Requirements), 2015 as amended (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), M/s. AKSD & Associates (Formerly Kailash B. Goel & Co.), Chartered Accountants (Firm Registration No. 322460E) is re-appointed as Statutory Auditors of the Company from the conclusion of this Annual General Meeting till the conclusion of the Annual General Meeting to be held in the year 2021 with a proposed annual fees of ₹1,80,000/- (Rupees One Lac and Eighty thousand only) including fees for Limited Review plus applicable taxes and re-imbusement of out of pocket expenses incurred in connection with audit, if any.

The Board recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the Shareholders.

Item No. 4

Pursuant to the approval of the shareholders of the Company obtained at the Annual General Meeting held on 25th September, 2015, Mr. Santanu Ray was appointed as an Independent Director of the Company for a period of 5(five) years with effect from 1st April, 2015. His office as Independent Director of the Company comes to an end on 31st March, 2020 ("first term" in line with the explanation to Sections 149(10) and 149(11) of the Companies Act, 2013).

The Board, based on the performance evaluation of Mr. Santanu Ray and as per the recommendation of the Nomination and Remuneration Committee, considers that, given his background and experience and contributions made by him during his tenure, the continued association of Mr. Santanu Ray as an Independent Director on the Board of the Company would be beneficial to the Company and it is desirable to continue to avail his services as Independent Director. Accordingly, it is proposed to re-appoint Mr. Santanu Ray as an Independent Director of the Company, not liable to retire by rotation and to hold office for a second term of 1 (one) consecutive year on the Board of the Company effective from 1st April, 2020 upto 31st March, 2021. Mr. Santanu Ray meets the criteria of independence as provided in Section 149(6) of the Act read with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

Further, as per Section 149(11) provides that an independent director may hold office for up to two consecutive terms provided that re-appointment shall be done on passing of a special resolution by the company and disclosure of such appointment in the Board's report.

Accordingly, the Board of Directors on recommendation of Nomination and Remuneration Committee, in their meeting held on 7th May, 2019 has re-appointed Mr. Santanu Ray as an Independent Director of the Company. However, such re-appointment is subject to approval of the shareholders by way of a special resolution.

Details of Mr. Santanu Ray whose re-appointment as Independent Director is proposed at Item No. 4 is provided in the "Annexure" to the Notice pursuant to the provisions of (i) the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

The Company has received from Mr. Santanu Ray (i) consent in writing to act as director in Form DIR 2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules, 2014, (ii) intimation in Form DIR 8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under sub-section (2) of

Section 164 of the Companies Act, 2013 and (iii) a declaration to the effect that he meets the criteria of independence as provided in sub-section (6) of Section 149 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

Notice under Section 160(1) of the Companies Act, 2013 along with requisite deposit has been received from a Member, signifying his intention to propose the re-appointment of Mr. Santanu Ray as Director of the Company.

Copy of the draft appointment letter of Mr. Santanu Ray as an Independent Director of the Company setting out the terms and conditions of appointment are available for inspection by the members at the Registered Office as well as Corporate Office of the Company on all working days between 11:00 A.M. to 1:00 P.M. till the date of the Annual General Meeting (AGM).

The Board, based on the recommendation of Nomination and Remuneration Committee and considering benefits of the expertise of Mr. Santanu Ray, has recommended the resolution for approval of shareholders by way of special resolution.

None of the Directors or Key Managerial Personnel of the Company and their relatives, other than Mr. Santanu Ray for his re-appointment, are concerned or interested, financially or otherwise, in Resolutions set out at item no. 4.

Item No. 5

Pursuant to the approval of the shareholders of the Company obtained at the Annual General Meeting held on 25th September, 2015, Mrs. Plistina Dkhar was appointed as an Independent Director of the Company for a period of 5(five) years with effect from 1st April, 2015. Her office as Independent Director of the Company comes to an end on 31st March, 2020 ("first term" in line with the explanation to Sections 149(10) and 149(11) of the Companies Act, 2013).

The Board, based on the performance evaluation of Mrs. Plistina Dkhar and as per the recommendation of the Nomination and Remuneration Committee, considers that, given her background and experience and contributions made by her during her tenure, the continued association of Mrs. Plistina Dkhar as an Independent Director on the Board of the Company would be beneficial to the Company and it is desirable to continue to avail her services as Independent Director. Accordingly, it is proposed to re-appoint Mrs. Plistina Dkhar as an Independent Director of the Company, not liable to retire by rotation and to hold office for a second term of 5 (five) consecutive years on the Board of the Company effective from 1st April, 2020 upto 31st March, 2025. Mrs. Plistina Dkhar meets the criteria of independence as provided

in Section 149(6) of the Act read with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

Further, as per Section 149(11) provides that an independent director may hold office for up to two consecutive terms provided that re-appointment shall be done on passing of a special resolution by the company and disclosure of such appointment in the Board's report.

Accordingly, the Board of Directors on recommendation of Nomination and Remuneration Committee, in their meeting held on 7th May, 2019 has re-appointed Mrs. Plistina Dkhar as an Independent Director of the Company. However, such re-appointment is subject to approval of the shareholders by way of a special resolution.

Details of Mrs. Plistina Dkhar whose re-appointment as Independent Director is proposed at Item No. 5 is provided in the "Annexure" to the Notice pursuant to the provisions of (i) the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

The Company has received from Mrs. Plistina Dkhar (i) consent in writing to act as director in Form DIR 2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules, 2014, (ii) intimation in Form DIR 8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that she is not disqualified under sub-section (2) of Section 164 of the Companies Act, 2013 and (iii) a declaration to the effect that she meets the criteria of independence as provided in sub-section (6) of Section 149 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

Notice under Section 160(1) of the Companies Act, 2013 along with requisite deposit has been received from a Member, signifying his intention to propose the re-appointment of Mrs. Plistina Dkhar as Director of the Company.

Copy of the draft appointment letter of Mrs. Plistina Dkhar as an Independent Director of the Company setting out the terms and conditions of appointment are available for inspection by the members at the Registered Office as well as Corporate Office of the Company on all working days between 11:00 A.M. to 1:00 P.M. till the date of the Annual General Meeting (AGM).

The Board, based on the recommendation of Nomination and Remuneration Committee and considering benefits of the expertise of Mrs. Plistina Dkhar, has recommended the resolution for approval of shareholders by way of special resolution.

None of the Directors or Key Managerial Personnel of the

Company and their relatives, other than Mrs. Plistina Dkhar for her re-appointment, are concerned or interested, financially or otherwise, in Resolutions set out at item no. 5.

Item No. 6:

The Board of Directors on the recommendation of Audit Committee has approved the appointment of M/s. Sanjib Das & Associates, Cost Accountants (Firm Registration No. 100751) as the Cost Auditor of the Company to conduct the Cost Audit of the Company for the Financial Year 2019-20 at a remuneration of ₹50,000/- plus applicable taxes and re-imbursalment of out of pocket expenses incurred in connection with cost audit, if any.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

None of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed resolution.

The Board recommends the Ordinary Resolution set out at Item No. 6 of the Notice for approval by the Shareholders.

Item No. 7

Pursuant to Section 188 of the Companies Act, 2013 ('the Act'), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and prior approval of the members by way of ordinary resolution, in case certain transactions with related parties exceeds such sum as is specified in the Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

Except Mr. Sajjan Bhajanka and Mr. Mangilal Jain, none of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed resolution.

The Board recommends the Ordinary Resolution set out at Item No. 7 of the Notice for approval of the shareholders.

Item No. 8

Pursuant to Section 188 of the Companies Act, 2013 ('the Act'), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and prior approval of the members by way of ordinary resolution, in case certain transactions with related parties exceeds such sum as is specified in the Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

Pursuant to Regulation 23 of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), approval of the members through ordinary resolution is required for all related party transactions which are material, even if they are entered into in the ordinary course of business and on arm's length basis. For this purpose, a transaction is considered to be material, if the transaction/transactions to

be entered into individually or taken together with previous transactions during a financial year exceeds 10% of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company.

All the Related Party Transactions entered into by the Company are at arm's length basis and in the ordinary course of business and approval of the Audit Committee / Board is obtained, wherever required. As the transaction(s) proposed to be entered into by the Company with Star Cement Limited, Enterprise influenced by Key Managerial Personnel (KMP), may qualify to be a Material Related Party transaction under Listing Regulations, approval of the members by way of ordinary resolution is being sought.

The key details as required under Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 are as below:

Name of the Related Party	Star Cement Limited
Nature of relationship	Enterprise influenced by KMP
Name of the Director or KMP who is related, if any	Mr. Sajjan Bhajanka, Mrs. Plistina Dkhar, Mr. Santanu Ray and Mr. Mangilal Jain may deemed to be related by virtue of being common Directors.
Estimated Transaction Value	₹ 50 crores for each Financial Year
Nature, material terms and particulars of the contract or arrangement	Sale, purchase or Supply of Goods including Capital Goods or Materials and availing and rendering of any services from time to time by the Company in its ordinary course of business and on arm's length basis.
Any other information	NIL

Except Mr. Sajjan Bhajanka, Mrs. Plistina Dkhar, Mr. Santanu Ray and Mr. Mangilal Jain, none of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed resolution.

The Board recommends the Ordinary Resolution set out at Item No. 8 of the Notice for approval of the shareholders.

By Order of the Board
